

**MARLESHWAR  
INTERNATIONAL**

Product Name	:	<b>NONYL PHENOL ETHOXYLATE – 9.5 MOLES</b>
--------------	---	--

**Properties**

Appearance [30° C]	Liquid
Colour	A-60 Max
PH [1%aq]	5 – 7
Moisture [%]	0.50 Max
Specific Gravity [30° C]	1.045- 1.065
Cloud Point [° C, 1%aq]	60-66
Packing	200 Kg Iron drum

**Applications:**

- Surfactant used in textile scouring process.
- It is used in pitch control in paper manufacture.
- It is rewetting agent for paper towels.
- It is surfactant for detergent formulation.
- It is wetting agent , caustic cleaners and inhibited acid cleaners.
- Plasticizers and air entraining water reducer for concrete.
